# Gabrielle Claiborne

When Gabrielle Claiborne says, “Authenticity changes everything!” audiences lock in, knowing she knows what she’s talking about.

In 2010, Gabrielle embarked on the scariest and most exhilarating journey of her life, living as her authentic self: a transgender woman. Experiencing the powerful impact authenticity made in her life, and the lives of others, Gabrielle cofounded Transformation Journeys Worldwide. This inclusion training and consulting firm has been so effective at helping organizations across the globe respectfully integrate gender diverse employees and customers that Gabrielle’s work was featured in Forbes and the OUT Georgia Business Alliance chose it as their 2018 Small Business of the Year.

Gabrielle’s cutting-edge insights on authenticity and inclusion have garnered her numerous awards and recognition, from Atlanta’s Best Trans Activist in 2015, to the U.S. Small Business Administration’s Georgia LGBT Small Business Champion of the Year, the Atlanta Business Chronicle’s Outstanding Voice for Diversity and Inclusion, Atlanta Pride’s Grand Marshal, and Emory University’s Georgia Speaker of the Year.
